WELCOME TO VINUNI UNIVERSITY *Of* EXCELLENCE

Comprehensive strategic collaboration with two universities ranked among the Best Universities in the World (*)

*According to the QS World University Rankings 2024

The youngest and fastest university in the world to achieve QS 5-Star overall rating

The first and only university in Vietnam appointed as UNESCO CHAIR

GLOBAL DISTINGUISHED FACULTY

07

faculty ranked among the top 2% of the world's most influential scientists*.

*Published by Stanford University, 2024.

DIVERSE COMMUNITY

Students & Faculty from **31 countries**

Updated by March 01, 2025

GLOBAL LEARNING OPPORTUNITIES

Through Student Exchange Programs, Integrated Bachelor-Master Programs, and Joint PhD Programs with top 100 universities worldwide.

55

partner universities worldwide

08

integrated academic programs

642+

students engaged in exchange programs or admitted to bachelor-master integrated programs

STRONG INDUSTRY ENGAGEMENT

Through "exclusive" internships, industry projects, company visits with VinUni's partners and Vingroup ecosystem

200+

partner companies

100%

students participating in summer internships

VIBRANT STUDENT LIFE

Immerse yourself in over 30 clubs and daily physical training at 5-star standard stadium and indoor and outdoor sports complex.

► OUR CAMPUS - AT THE HEART OF VIETNAM

VinUni is located in Hanoi - the capital; the political, economic, cultural, and educational hub of Vietnam, possessing top-tier potential and advantages.

Favorable Climate

Vietnam has a tropical monsoon climate, which means that it has four distinct seasons. The average temperature in Vietnam ranges from 22°C to 27°C.

Rich Culture

Traditional Vietnamese culture is a vibrant tapestry of customs, from food and festivals to arts and traditions. Studying in Vietnam offers a unique chance to immerse yourself in this heritage firsthand.

Affordable Cost of Living

Vietnam has a relatively low cost of living, ranking 103th globally*, particularly in terms of food and accommodation.

Friendly & Welcoming People

The Vietnamese are famous for their warmth and hospitality. As an international student in Vietnam, you'll quickly feel at home!

COLLEGE OF ARTS AND SCIENCES - CAS

Design your own future

Flexible and multidisciplinary: a "personalized learning experience"

Students have the flexibility to choose up to 20 credits from the university's list of elective courses

Tutoring and personal careers advisor

Throughout their four years, students will receive expert guidance from professors, who will also supervise students as they undertake their own independent study project.

Broad career opportunities with double major/ minors at VinUni

Students can broaden their academic horizons by combining a major in their primary field of interest with a minor or second major in areas such as: Psychology, Economics, Multimedia communications, Vietnamese studies. For example, a student could graduate with a degree in both multimedia communications and psychology,....

Dual Degree and Joint Degree Programs with Partner Universities: Optional study abroad with credit transfer

Internship to translate learning into the workplace

Internships at leading businesses and organizations: All graduates are required to complete an internship or work-based research project in their fourth year. CAS has partnered with renowned companies and organizations to provide students with internship opportunities

Thematic study grouped by issues of contemporary relevance

WORLD-CLASS TRAINING QUALITY & EXCELLENT FACULTY

The curriculums are co-designed by the University of Pennsylvania, adhering to the highest international accreditation standards such as ACEN, ACGME-I, WFME. Students are guided by experienced faculty, clinical experts, and leading specialists in Vietnam.

ADVANCED MEDICAL EDUCATION TECHNOLOGY

Medical Simulation Center and 3D Technology in Medicine Center are located on campus. Students will learn and practice using leading technologies in education, such as the Pirogov Interactive Anatomy Table, virtual laboratories, and online medical libraries.

DIVERSE CLINICAL PRACTICE ENVIRONMENT

Students will gain clinical practice experience at the Vinmec Healthcare System (the only JCI-accredited teaching hospital in Vietnam) and top public hospitals such as: Bach Mai Hospital, 108 Military Central Hospital, Vinmec Times City and Ocean Park Clinic, Vietnam National Children's Hospital, National Hospital of Dermatology and Venereology, Hanoi Mental Hospital, Hanoi Heart Hospital, National Geriatric Hospital, and more.

GLOBAL LEARNING OPPORTUNITIES AND CAREER PROSPECTS

Students have numerous opportunities to participate in exchange programs, clinical practice, or research internships from their first year at partner universities and research institutes worldwide. With an international curriculum and support for international licensing exams (ECFMG and NCLEX), graduates have expanded opportunities for work and further studies abroad.
